Mr. Mark Macek  
Executive Vice President  
U.S. Warranty  
22 NE 22<sup>nd</sup> Avenue  
Pompano Beach, FL 33062

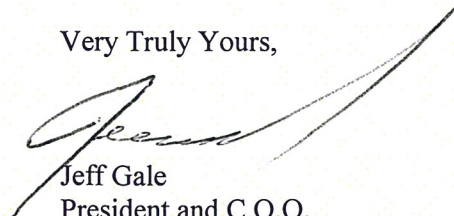

Dear Mark,

I am writing to express my gratitude and appreciation for you and your firm, U.S. Warranty. As you know, U.S. Warranty has worked in partnership with the King Automotive Group for over 15 years. Throughout that time, U.S. Warranty has assisted us with the setup and administration of our Warranty Companies, administered claims, and provided sales and compliance training to our staff. All of these areas have been handled with expertise and integrity at all times. As a result of our partnership, the King Automotive Group has steadily improved its results.

Over the years, we have worked together to develop new products to offer to our customers such as GAP protection, Etch, Key Replacement Coverage and Ding and Dent Protection. The products that U.S. Warranty offers provide value to our customers and are priced competitively so that we are able to sell them at high penetrations with strong profits. Your firm has done an outstanding job in vetting these products to ensure that our customers receive the best possible value from high quality providers.

On behalf of Mr. Clay King, and myself, I would highly recommend your firm to any dealership group looking to partner with a top notch Finance and Warranty provider. We look forward to a continued and long-term mutually beneficial relationship with U.S. Warranty.

Very Truly Yours,

Jeff Gale  
President and C.O.O.  
King Automotive Group
