### Sawgrass Ford Testimonial

In 1996 we decided to start our own warranty company. At the time, USWC, Continental and JM&A were courting us. We took our time in researching what would be best for our company. Our choice was to go with USWC and name our company QCPW Inc.

The decision we made back in 1996 was an excellent choice. We have received nothing but professionalism and great service from USWC. Our warranty company continues to grow and profit just like we were told. We were also introduced to new and profitable products like GAP, Etch and Road Hazard. We look forward to our continued relationship with USWC.

Sincerely,

Dale Marinelli

General Manager, Sawgrass Ford  
Secretary & Treasury, QCPW Inc.

WE SURPASS CUSTOMER EXPECTATIONS
